ANALYST OBSERVATION

Ek recent industry study (BusinessWorld, Jan 2026) ne Jaipur ko India ke top-4 export-ready gems & jewellery clusters me se ek bataya hai, aur USD 38 billion ka "unrealised export potential" identify kiya hai poore sector me. Study specifically Jaipur SEZ ko expand karne ki recommendation deti hai. RRBH ka assessment: chhote, independent jewellers ke liye sabse practical entry point lightweight gold jewellery aur design-led, export-focused niches hain — jaha capital requirement traditional heavy-gold jewellery se kaafi kam hai.

SWOT Analysis: Jaipur Gems & Jewellery Ecosystem, 2026

STRENGTHS

- Globally dominant in Meenakari (90%) & Kundan (60%) jewellery exports
- Established SEZ infrastructure (Sitapura) with R&D/testing centres
- Deep multi-generational artisan and gemstone-processing expertise

WEAKNESSES

- USD 38 billion of sector-wide export potential still unrealised
- Heavy traditional gold jewellery has high capital entry barrier for small players

OPPORTUNITIES

- Lightweight gold, synthetic gemstones & imitation jewellery — lower capital, high export demand
- "Gem Bourse" project expected to create 1 lakh+ jobs
- JewelStart Innovation Challenge (GJEPC x IIT Bombay) for tech-driven jewellery startups
- SEZ expansion plans specifically recommending Jaipur

THREATS

- Global gold price volatility affecting margins
- International competition from Surat, Mumbai clusters for similar export business

Executive Action Matrix: Jaipur Entrepreneurs Ke Liye
